Individual Tax Organizer 2 / 2

👋 Welcome! We're so excited to work with you.

This organizer is "smart" - this means that questions will populate based on the information you give us. For example, if you indicate you are married, we'll ask about your spouse. If you're not - we won't! 😎

- Your answers will auto-save! You don't have to worry about losing data; you can return anytime.
- You will save time next year once you provide us with the information. You can also pre-fill your answers in the future.
- You can complete this on your computer or mobile phone. The mobile app allows you to use the scanner to create high-quality PDFs!
 - [Click to download app on Google Play store](#)
 - [Click to download app on Apple App Store](#)

Once you are done, please click 'submit'. When you submit, this will indicate to our team you are finished!

This organizer autosaves after you answer each question, and you may return to complete it later if you do not have all the necessary information.

You can use Android or iOS Mobile Apps to scan your documents and upload them to the portal quickly.
